Greetings all!

The Kansas Sentencing Commission cordially invites you to the **2018 SB 123 Program Conference**, to be held Tuesday October 16, 2018 in Topeka.

The conference will highlight the new changes to the program and will cover policy and procedure relevant to Community Corrections, Treatment Providers, Court Services, and other interested parties. We encourage anyone wanting to know more about the program to attend. In addition to program structure and function, Beacon Health Options will demonstrate their ProviderConnect System; the Kansas Department of Corrections will present on the certification process and treatment guidelines; and our guest speaker, Dr. Patrick McGrath, will discuss dual diagnosis and the interaction between mental health and substance abuse. Please see attached agenda for full details.

Also, please remember, **all invoices for services rendered on or after October 1, 2018 should be sent to Beacon Health Options** through the new system. Invoices for services rendered before this date will be processed by KSSC as per usual.

Please complete the attached form and return by October 12, 2018. We look forward to seeing you in October!

Best Regards,

Kira E. Johnson, LMLP
